## Art Class

Figure drawing classes are a highlight of the art program at P. C. H. S. Members of each class take turns modeling as the other art students sketch their "gesture poses." They study all forms in nature to develop an awareness of the principles and elements of design.

They explore and develop skills found in every student through the techniques of all possible media; pencils, crayon, charcoal, water color, pastel, and finally oil and acrylic painting. The unit of additive sculpture with wood scraps probably appealed to the male students most because it is a unit on three dimensional construction.

In art appreciation they study compositions of the old masters and trace the development of art styles through various periods. They link American art and literature to our present day, for an understanding of our regional heritage.

Self expression is encouraged so that emotional release may awaken a love of the beauties and wonders of the natural world.
